PROSPECTUS.

THIS Company has been formed for the purpose of establishing in the North-West Provinces of India and Oude Factories for the Manufacture and Sale of Pure Transparent Block Ice, and for the Manufacture and Sale of Aerated Waters, and the Sale or Licensing of Refrigerating and Cooling Apparatus, Ice Safes, &c.

A contract has been entered into with The General Ice Factory Company, Limited, of London, for a grant of the sole right to use, sell, lease, or license within the North-West Provinces of India and Oude the patented Machinery and processes for the Manufacture of Ice and Refrigerating and Cooling purposes, the property of the said Company, who have further contracted to erect at Agra, Allahabad, and Lucknow respectively, Factories fitted with such Machinery and each capable of producing Ten Tons of Pure Transparent Ice, in large blocks, every 24 hours' continuous working, and so arranged as to be capable of extension from time to time. The price to be paid for each of these Factories fitted complete, with all requisite Buildings, Machinery, Plant, &c., is £14,000 in cash by instalments, and £16,000 in fully paid up shares of the Company, for Rupees, Bonuses, Interest, &c.

Other Factories will be erected on similar terms and conditions at such other places as the Directors may select from time to time.

From calculations made of the probable Revenue to be derived from the sale of Ice, based upon an average selling price of only eight Annas per pound—nearly equal to three farthings—and after allowing for the cost of production, as well as Debenture Interest, Working Charges, Agency, Management, Depreciation of Machinery, &c., the Directors anticipate that very large profits will be available for Dividends, exclusive of any income that may arise from the Manufacture and sale of Aerated Waters, Sale of Ice Safes, &c.

In order to provide the funds requisite for the purchase of lands, the erection of the Machinery, Buildings, &c., the Directors invite a subscription for 480 Mortgage Debentures of £100 each, bearing 8 per cent. per annum interest, and redeemable by annual drawings of not less than 5 per cent, commencing on 31st March, 1882.

The security for these Debentures will be the various Factories, with the Machinery and Plant thereon, and these will be conveyed as and when completed and handed over to the Company by the Contractors, together with the other property of the Company to Charles Connors, Esq, and Major C. H. Strutt, who have consented to act as Trustees for the Debenture-holders.

In order that Subscribers for Debentures may have a permanent interest in this Company, The General Ice Factory Company, Limited, have agreed to make over to Subscribers for for Debentures by way of Bonus, five of their fully paid-up Shares in this Company, for every Debenture subscribed for; and further undertake to give to those whose Debentures are drawn for payment, the option of purchasing at par a further five shares in respect of each Debenture, thus eventually making the Debenture-holders equally interested with themselves in the profits of the Company. All Debenture-holders will be further entitled to subscribe at par for any future issues of Debentures by the Company for extensions.

These Shares involve no liability on the holders, as they form a portion of the payment of the Contract entered into by this Company and The General Ice Factory Company, Limited, which has been duly registered with the Registrar of Joint Stock Companies.

The only Contract entered into is dated April 1st 1880, and is made between The General Ice Factory Company, Limited, of the one part, and George Pickford, Trustee for and on behalf of this Company, of the other part, which, together with the Memorandum and Articles of Association, and copy of the Debenture Bond, can be seen at the Registered Office of the Company, or at the Offices of The General Ice Factory Company Limited, Bombay.

Interest at the rate of 8 per cent. per annum on Debentures will commence from the date of payment of the amount in full to Bankers for remittance to London.

Application Forms and Prospectuses can be obtained at either of the Banks herein mentioned or at the Office of the General Ice Factory Company, Limited, Indian Branch, Eldon Road, Bombay, should any less number of Debentures be allotted than those applied for, the amount will be returned to the applicant in full.

Coupons payable Half-yearly will be attached to each Debenture.

OLD GLENLIVET.

THIS WHISKY is a blend from some of the most noted Distilleries in Scotland, and is guaranteed to consist of PURE MALT SPIRIT only. It is thoroughly matured, very mellow, and entirely free from any smoky or objectionable flavour.

As large holders of the different kinds from which the Blend is made, we are in a position to allow the various Distillings to become thoroughly amalgamated before being bottled, an advantage which consumers of the article will readily appreciate.

TREACHER & Co. feel that it would be an insult to the intelligence of their Constituents to *put forward* Chemical Analysis and Medical Reports regarding this "Fine Old Spirit," as, however, gratifying these may be in themselves, they are obviously useless as affording a guarantee, that the Spirit offered, is the same as that commented upon.

TREACHER & Co. consider that the proper test of excellence of any article, consists in the demand for it, and judged by that standard, the fact, that, the sale of their "Fine Old Glenlivet" has increased more than tenfold during the past three years, and continues monthly to increase, may be accepted as conclusive proof of its character and value.

Samples sent on application.

Per 1 dozen case.....Cash Rs. 22-8.

SPECIAL QUOTATIONS TO MESSES. CLUBS, CO-OPERATIVE SOCIETIES AND OTHERS FOR QUARTER CASKS, HOGSHEADS, AND PUNCHEONS, WHICH ARE ALWAYS KEPT IN STOCK AT THE COMPANY'S WINE CELLARS, BYCULLA.

We guarantee the above watches to last for 15 years.

INTIMATION.

We have lately added an important branch to our business, viz., manufacturing on our premises gold chains and jewellery of pure Indian gold, by skilled European workmen, therefore giving the fine finish of Western workmanship, better value in gold, and saving the heavy loss by exchange, duty, &c., which have to be charged on articles of this description imported from Europe. Our prices for this description of goods will be found lower than any firm in India.

C. MARCKS & CO.,
4, HUMMUM STREET, BOMBAY.
TRAVELLING AGENT :—MR. E. J. BRANDON.

FAVRE-LEUBA & CO.,
WATCH-MAKERS, JEWELLERS, AND OPTICIANS.
BOMBAY AND CALCUTTA.

RAILWAY WATCHES.

THESE excellent time-keepers, unsurpassed in solidity of construction, and whose reputation is now established throughout India, are always in stock in the same quality and sizes :

1. The Nickel Silver Railway Watch..... Rs. 40
2. The Nickel Silver Railway Watch, extra large size..... ,, 60
3. The Pure Silver Railway Watch..... ,, 60
4. The Pure Silver Railway Watch, keyless..... ,, 70

No trouble and expense is spared in our Manufactory to conserve to these watches their well-deserved popularity.

CAMPAIGN LEVER KEYLESS WATCHES

In plain nickel silver cases. A really cheap but good watch, calculated only to give correct time, and to be strong and durable. The movement is built on the soundest scientific principles, and expense has only been spared there where the quality of the watch would not suffer, such as in the metal of the case, and by omitting unnecessary ornamentation. Therefore its cheapness and therefore its success. Its usefulness as a Campaign watch is fully recognised through the continuous numerous orders we receive from every quarter from the Army in the Field. The Watches are in stock as follows :—

In German Silver open crystal face case	Rs. 25
In German Silver hunting case	,, 30
In German Silver half hunting case	,, 35
In German Silver hunting case, extra large strong	,, 32

FAVRE-LEUBA & CO.,
BOMBAY AND CALCUTTA.

In consequence of spurious imitations of
LEA AND PERRINS' SAUCE,
which are calculated to deceive the Public, Lea and Perrins have adopted A NEW LABEL, bearing their Signature
LEA & PERRINS,
which is placed on every bottle of WORCESTERSHIRE SAUCE, and without which none is genuine.

Ask for LEA & PERRINS' Sauce, and see Name on Wrapper, Label, Bottle and Stopper
Wholesale and for Export by the Proprietors, Worcester; Crosse and Blackwell, London, &c., &c.; and by Grocers and Oilmen throughout the World.

NEW ADVERTISEMENTS.

J. JANNI,
Agent.
Bombay, 20th May 1880.

GENERAL INSURANCE COMPANY, LIMITED, IN TR

COMMERCIAL INTELLIGENCE

WEDNESDAY EVENING, MAY 19.

THE London telegrams of yesterday quote Consols at 99¾ and French Rentes at Frs. 118½, a decline of ⅛ in the former and ¼ in the latter.

In the Produce markets the only quoted change is a decline of 6s. per quarter in Brown Calcutta Rapeseed. Metals are apparently again easier as Wallaroo Tile Copper is quoted at £73, a decline of £1 per ton from the last quotation.

Bar Silver is quoted at 52½d. per oz., 1-16d. per oz. lower than when the markets closed for the holidays.

The Liverpool and Manchester markets were still closed for holidays.

The New York telegrams of yesterday are very meagre, as they give no Cotton quotations at all, and merely advise the receipts at the ports, which are as follows :—

	1880	1879	1878
Tuesday's Receipts	4,000	4,100	2,700
Four days' „	13,000	14,300	9,500
Total since 1st Sept.....	4,690,600	4,358,000	4,131,300

EXCHANGE has not altered here in any respect to-day for private bills, but Bank Paper is 1-32d. per Rupee lower. Business has been quiet both here and in Calcutta, but in both places the feeling has been steady, and it is thought that Council Drafts will realize, at all events, 1s. 8d. per Rupee to-day, and possibly 1s. 8 1-16d.

At the meeting of the directors of the Bank of Bombay to-day the rates of discount were reduced 1 per cent., but this may not immediately affect Exchange, as the reduction was, to a great extent, anticipated in the open Money Market.

Our closing rates are :—

Bank Bills, on demand.....	1s. 8 1-32d.	per Rs.
Do. 3 months' sight	1s. 8 5-32d.	„
Credits 3 do.	1s. 8 9 32d.	„
Documents, 3 do.	1s. 8 5-16d.	„
Francs 3 do.	2-14	„

On Calcutta rates are unchanged at par for demand drafts and Rs. 99½ for 60 days' sight bills.

GOVERNMENT PAPER is again firmer, and sellers are now asking Rs. 94½ for Fours and Rs. 100½ for Fours-and-a-half, which checks business.

SHARES.—Bank of Bombays continue in good demand at hardening rates. In Land Companies Colabas are firm. Press shares are rather weaker, as also are those of S. and W. Companies. Among the latter Coorlas have declined Rs. 20, Hindustan Rs. 10, Khandvish Rs. 5, Khatao Mucconjee Rs. 20, Morarjees Rs. 5, New Great Eastern Rs. 10, Sholapore Rs. 10, and Victorias Rs. 10 per share. In Miscellaneous Companies the only change is an advance of Rs. 5 per share in Bombay-Burma Trading Company shares.

COTTON.—With no advices from the home markets there has been little change here, but sellers are firm and are generally demanding higher rates in anticipation of the market opening firm in Liverpool after the holidays. Buyers, however, have not, as a rule, shown much disposition to follow up the recent advance, and sales to-day have in consequence been on a very moderate scale. The arrivals from up-country yesterday were 12,306 bales, making a total of 42,102 bales for four days. We quote :—

Good M. G. Broach.....	Rs. 237	per candy.
„ Dhollera	„ 216	„
F. G. F. „	„ 208	„
Good Comrawuttee	„ 213	„
F. G. F. „	„ 205	„
F. G. F. S. G. Dharwar	„ 206	„
F. G. F. Compta	„ 193	„

LINSEED is in moderate demand at the previous quotation of Rs. 6-4 per cwt.

RAPESEED is unchanged at Rs. 5-14 per cwt. for Guzerat.

In WHEAT there is little doing at Rs. 31 per candy for White and Rs. 29 per candy for Hard Red.

FREIGHTS.—There has been little demand for tonnage to-day, and the rate for Liverpool *vid* Canal has again fallen to 37s. 6d. per ton. The supply of ready sailing tonnage being limited, rates are steady at 42s. 6d. to 43s. 9d. per ton, but for early June shipment there is no enquiry at the nominal rate of 41s. 3d. per ton. Continental rates are unchanged at 52s. 6d. per ton (paid at par) for the Adriatic and Mediterranean ports and 42s. 6d. per ton for Havre.

PIECE GOODS.—The market here keeps very dull and dealers do not look forward to much increase in the up-country demand before the monsoon. Any improvement at home would necessarily affect our local markets as stocks are moderate, and pieces have already reached a comparatively safe level.

THE BOMBAY VOLUNTEER RIFLE CORPS.

REGIMENTAL ORDERS

BY LIEUT. COL. COMMANDANT W. S. HEWETT.

Bombay, 19th May 1880.

1 On account of the entertainment at the Victoria Gardens in aid of the Band Fund on Saturday 22nd inst, there will be no parade on that date.

2 Members of the Corps attending the Victoria Gardens on Saturday evening are requested to do so in white uniform.

3 No 1189—Vol Eugene Smith is taken on the strength from this date and posted to E Company.

By Order, F. STOKES,
Captain and Adjutant, Bombay V. R. C.

MESSRS. C. MARCKS & CO.,
OF HUMMUM STREET, BOMBAY,
AND
EAST STREET, POONA,

HAVE the pleasure of announcing that MR. A. MENIST, Oculist's Optician, of Amsterdam and London, has APPOINTED them AGENTS for the SALE of his CELEBRATED PEBBLE SPECTACLES, &c., &c.

The reason they have for accepting the Agency is as follows :—

Having tried to procure, regardless of expense, in all the CHIEF TOWNS OF ENGLAND AND ALL LARGE CITIES, Pebbles and Frames equal to those produced by MR. MENIST, AND HAVE TOTALLY FAILED TO APPROACH THEM.

One of the chief essentials in good Spectacles is to place the Pebbles before the eyes in a proper position and at a proper distance according to the particular defect of sight being treated Ill-made and loosely jointed frames, by causing a displacement of the Pebbles, entirely alter their focal power, and so injure the eyes, for this reason Mr. Menist makes his frames of Gold and Silver only, which have been found by experience the best adapted metals for the purpose, possessing the necessary temper, without being liable to oxydise in use. Steel Frames he does not make, considering that they are not calculated to do justice to his Pebbles, and his object being to secure, as nearly as possible, perfection, not cheapness, though in a climate like India, it is doubtful if there would be any economy in Steel, as it corrodes so quickly and has to be renewed so often, to say nothing of the discomfort and injury to the sight. Aluminium cannot be used, because it stains he skin by contact, leaving a black mark that will not wash out.

His Non-Pressure Eye-glasses are so well made that you may twist the Spring in any direction without breaking it, neither is there the slightest pressure when wearing, nor the least mark remaining when removed.

His 12-LENSE DUCHESSE, all in Alumizium, are as powerful as Field-Glasses and are all Achromatic.

His Field, Marine, and Opera-Glasses may be used for hours without causing the eye to aches.

Messrs. M. and Co. have made arrangement to receive their patients in a PRIVATE ROOM, it being hardly possible to test and suit the eye sight without such convenience. Mr. Menist has left them instruments, which enables them to test each eye separately, it being frequently the case that one eye requires a different accommodation to the other, as well in magnifying as diminishing powers. Messrs. M. and Co, have received valuable information from Mr. Menist, by which to suit the eyesights.

Pamphlets can be had on application.

NOTICE.

PASSENGERS TRAVELLING on the B. B. & C. I. LINE can obtain copies of the BOMBAY GAZETTE Daily Edition on the same day at the Bulsar Station.

Agent : EDULJEE PESTONJEE DESAI,
Wine Merchant.

The Bombay Gazette

THURSDAY, MAY 20, 1880.

THE evacuation of Kabul has at length, it appears, been definitively resolved upon. The Government has called for estimates of the cost of destroying all the forts and works which have been constructed around that capital at such a heavy outlay. The fortifications will doubtless be blown up, and the army of occupation gradually withdrawn to the limits settled by the Treaty of Gandamak, which may or may not be subjected to some slight modifications. It was the wish of Lord Lytton to adopt this course before the general election, and he was desirous of opening up negotiations with Mahomed Jan and Muski Alam with a view to an arrangement on that basis. General Roberts—according to the belief prevalent at the time in Kabul—was urged by His Excellency to endeavour to bring about this understanding, but he, believing that it would be better to subdue the Afghans in the field as a preliminary, deferred acting upon Lord Lytton's orders until the mission of Mr. Lepel Griffin convinced him that the Government of India was in earnest. The Lieutenant General thereupon entered hastily into negotiations with whatever chiefs were within reach, and when Mr. Lepel Griffin arrived, a respectable body of Sirdars were at hand to receive the ultimatum of the civil representative of the Government of India. We all remember the nature of the terms offered. The separation of Kandahar and Herat from the Afghan kingdom, the exclusion of Y

LATEST LONDON QUOTATIONS.

LONDON, MAY 19, 5 P. M.

At the weekly biddings for Council drafts upon India this afternoon tenders at 1s. 8d. received 94 per cent., all above that in full.

It is notified that the amount to be offered next week is 35 lakhs.

Bar Silver closed at 52 3-16d. per ounce Market weak.

Four per cent. Rupee paper, 78¼; Four-and-a-half ditto, 84½.

(FROM OUR SPECIAL CORRESPONDENT.)

GENERAL ROBERTS'S FORCE.

KABUL, MAY 19.

Letters received from General Roberts's column this morning, dated 17th and 18th, state that the force marched from Deh-I-Nao on the 17th to Zargun Shahr, a short district of five miles, and on the 18th to Hisarak, nine miles further on, where a camp was formed on the opposite bank of the Logar river, the right one near Padkao, to that on which the Ghazni Field Force are, will remain there a few days and then proceed through Jangi Wardak to Maidan. The health of the troops is good, supplies are abundant, except *atta*, of which the camp followers have had little. The sun during the day is very powerful, but always cool and pleasant in the evening.

A large collection of armed men is reported, but they are not to be disturbed according to the present arrangements.

The Survey Department, escorted by some cavalry and Goorkhas, have been as far as Kushi.

Yesterday a number of Ghilzai Chiefs from the Tezin, Lughman and Jubber Khel sections arrived here from Seh Baba with Captain Burton; they will probably be received by Mr. Lepel Griffin, as chief Political Officer in Durbar, when their suggestions and requests will be formally replied to.

(FROM OUR OWN CORRESPONDENTS.)

THE KABUL DEFENCES TO BE DESTROYED.

ALLAHABAD, MAY 19.

The engineers at Kabul have been instructed to prepare estimates for the destruction of all the forts and defences constructed by us there.

All expenditure on roads, &c., is to be stopped forthwith.

RETURN OF THE CONSERVATIVE CANDIDATE FOR THE WIGTOWN DISTRICT.

LONDON, MAY 19.

The election held yesterday for the Wigtown District, in consequence of the acceptance of the office of Lord Advocate for Scotland by Mr. J. McLaren, has resulted in the return of the Conservative candidate. At the general election Mr. McLaren was returned by a majority of 12.

RETURN OF THE CONSERVATIVE CANDIDATE FOR SANDWICH.

LONDON, MAY 19.

A vacancy having occurred in the representation of Sandwich by the elevation of the Right Hon. E. H. Knatchbull-Hugessen to the Peerage, an election for that borough took place yesterday, when Mr. Roberts, the Conservative candidate, was elected by a large majority.

STEAMER MOVEMENTS.

MALTA, MAY 18.

The B. I. S. N. Company's Steamer Chyebassa, homeward bound from Calcutto, Madras, and Colombo left here on the evening of the 16th inst.

LIVERPOOL, MAY 18.

The Anchor Line Steamer Britannia left here for Bombay on the afternoon of the 16th inst.

THE INCOMING MAILS.

ADEN, MAY 18.

The P. and O. S. S. Zambesi, with the outward English Mails of the 7th inst., left here at 3 o'clock this afternoon, and the Nepaul, for Galle and Calcutta, at 1 a. m.

VINGORLA, 5 p. m.—Weather cloudy ; wind W. strong ; thermometer 88.

THE Bank of Bombay yesterday reduced its rates of interest and discount one per cent. all round.

THEIR Excellencies the Governor and Commander-in-Chief are expected to meet the new Viceroy on his arrival in Bombay about the 1st proximo.

WE hear that the defences of the hill fort and sanitarium of Purandhar are to be forthwith restored and provided with armament,—with what immediate object it does not appear.

THE Government of India has sanctioned the issue of free rations to the families of corps belonging to the Reserve Division on the same scale as allowed to the families of European troops in the field during such time as the men are separated from their families.

WE have received an excellent little book written by Professor S. Cooke, M.A., Professor of Chemistry and Ge[illegible] in the Civil Engineering College, Poona. The work forms an introductory text book on Astronomy and is intended for students preparing for matriculation in the University of Bombay, but as a second edition has already been called for it would appear to have proved more widely useful. Astronomical truths are laid down in the clearest language and are put in such a form as to engage the interest as well as the attention of the student. The chapters on the sun, the planets, and the earth are admirably written. At the end of the book are a number of questions well adapted for examination upon the first principles of astronomy. We congratulate Professor Cooke upon the success his little work has met with, for that success is thoroughly deserved.

WE have received a copy of the report on the Mining Block, of the Madras Gold Mining Company, Limited, situate in the Berthamungalum Taluck, Mysore Territory, by Mr. John Harris, Mining Engineer, Bombay, which has just been published. It is dated May 10th, 1880, and was prepared at the request of Messrs. Arbuthnot & Co. The report is, to a great extent, satisfactory, and gives promise of a rich realization of the expectations at present formed by the Madras Gold Mining Company. In the general remarks which conclude the report, it is stated that from several samples of quartz taken from the reefs at haphazard, crushed and washed, all gave a good show of gold. Although Mr. Harris does not look upon these results of themselves as definite proof that the reefs will pay to work, yet there are other circumstances which have led him to conclude that the reefs, "by being vigorously and properly worked will yield up sufficient gold to pay good satisfactory dividends to any *bona fide*, well conducted enterprise." Mr. Harris suggests that the work be taken in hand at once and prosecuted with vigour, in which case he has hopes of a good golden harvest. There is plenty of road metal all along the line of road, and the water supply that can be had would be sufficient for all requirements, then there is plenty of wood and building material, and any amount of labour can be obtained, the climate, also, is so good that Europeans can work all the year round.

THE Marchioness of Ripon, it is said, will not leave England for India till the autumn.

HER MAJESTY'S birthday will be observed by the Bank of Bengal as usual on the 24th and not on the 29th instant.

MR. TENNYSON has, at the request of the Glasgow University Club, allowed himself to be nominated for the Lord Rectorship of the University.

THE latest reports from Nepal state that continued rain has somewhat injured the wheat, and sunshine is needed. The cholera in the valley is decreasing.

IT is officially notified in the *Gazette of India*, that the Birth-day of Her Majesty the Queen, Empress of India, will be kept on Saturday, the 29th May 1880.

MR. H. L. ST. BARBE, late officiating Resident at Mandalay, has passed the examination in Pali, and been presented with the authorised donation of Rs. 1,500.

MAJOR GENERAL J. HILLS, C. B., V. C., Royal Artillery, is appointed to command the 3rd Division Northern Afghanistan Field Force, late "the Ghazni Field Force."

IT is officially notified that the local and temporary rank of Major-General has been conferred on Brigadier-General Watson, whilst he commands the Kurrum Field Force.

THE amount of cash in the reserve treasury of the Government of India on the 13th May was Rs. 56,47,985, being a decrease of Rs. 1,34,840 since the last week's return.

THE Kandahar paper regrets to have to announce the death of Lieut. Dive, of the 2·7th Fusiliers, who was drowned whilst bathing at Kohundelani in the Bolan on the 1st instant.

THERE were rumours at Masuri last week of an attempted escape on the part of the Ex-Amir Yakub Khan, in which he almost succeeded, but there seems to have been no good foundation for the report.

PROF. SAYCE is engaged upon a thoroughly revised and corrected edition of George Smith's 'Chaldean Genesis.' The new edition will contain some fresh matter and translations of tablets recently brought to the British Museum.

WE (*Englishman*) learn from Burma that it is the intention to move the half battalion of the 54th Regiment, and bring them round to this Presidency at once. We can conceive nothing more suicidal than moving a regiment in May.

THE *Pioneer* states authoritatively that there is no truth in the statement made by the *Times* of the 20th of April, that a heavy bill of indictment against the Maharajah of Kashmir has lately been sent home by the Government of India.

THE retirement of Colonels Jonathan Keer and Hamilton Forbes, of the Staff Corps, under the provisions of G. G. O No. 1 of 1880, is announced in the last *Gazette of India*. Major R. Horace Huddleston is also permitted to retire from the service.

IT is rumoured at Simla, says the *Englishman*, that His Excellency the Commander-in-Chief has been very severely censured by the Horse Guards for his treatment of Brigadier General Massy, and it is believed to be in consequence of this censure that he received his choice of Brigades.

THE following figures show the money in the public treasuries, and at the credit of the Government in the Presidency banks and their branches, on the last day of the month of April 1880, with the corresponding amount on the same date in 1879 and 1878. 1878 Rs. 13,80,37,000, 1879 Rs. 12,28,07,000, 1880 Rs. 11,49,94,000.

THE views expressed regarding the invitation of natives to Government House parties in our columns last week are concurred in by the *Akbhari Soudagar*. It concedes that the party spirit of most of the prominent men of the different sections of the community makes it necessary that the lists the committees appointed may submit should be thoroughly scrutinized.

A CIRCULAR has been issued authorizing the number of "Holiday's for Public Offices" in Berar during 1880. The Christians are to have 11 days, Mahomedans 7 days, Hindus 11 days, and Parsees 13 days, including New Year's Day the Queen's Birthday. The last Saturday in each month is a holiday for all Courts of Justice, why should not the same boon be granted to other public offices is questionable.

By the appointment of Mr. Jones, Commissioner H.A.D., as officiating Resident, it gives a step of *temporary* promotion, as stated by our correspondent. Major Szczepanski, Yeotmahl District, becomes Deputy Commissioner 1st class. Major Mackenzie, D. C., Ellichpur District, 2nd class, Major Thompson, D E., 3rd class, and Mr. Dunlop, Assistant Commissioner, 1st class, vice Lieut. Colonel Bushby, appointed Judicial Commissioner *pro tem* from 4th ultimo.

THE total registered mortality in the Punjab during the week ending the 24th April, was 6,907 —against 6,091 in the previous week, giving an annual death per mille death-rate of 20·5 and 18·1 on the census population of 1868. Small-pox is very prevalent in the districts of Dera Ismail Khan, Bannu, Muzaffargarh, and Sherpur, the mortality being 225 against 226 in the previous week. From fever there were 4·698 deaths against 4·033, in the previous week.

HIS EXCELLENCY the Governor-General in Council, under instructions from the Right Hon'ble the Secretary of State for India in Council, is pleased to announce that the grant of the medal with clasp for "Jowaki" shall be limited to those troops who were engaged in active operations in the field against the Jowaki Afridis between the 9th November, 1877, and the 19th January, 1878, inclusive. His Excellency the Commander-in-Chief is requested to cause the medal rolls to be prepared accordingly.

A CORRESPONDENT who was at the action near Mushaki, the battle of Ahmed Kheyl as it ought to be called, sends some particulars to the *Pioneer* about the share which the 19th Bengal Lancers took in the fight. The 19th had 53 casualties, and 24 amongst the horses; the total loss of the whole cavalry brigade was a 100 odd, and from 70 to 80 horses. According to his reckoning, the loss of the 2nd Punjab Cavalry was about half that of the 19th Bengal Lancers; but it is said that, in the former regiment, a good many trifling cuts and scratches were not counted.

THE brigand business in Greece pays pretty well on the whole. Since the capture of Colonel Synge and the payment of the ransom demanded for his release, the playful robbers who infest Thessaly are in good spirits, and eager for new captives. At Volo it has been found necessary to take precautions against the operations of the brigands. A strong cordon has been placed round the outskirts of the town, and mounted guards do duty. After nine o'clock all persons seen in the streets are challenged, and unless well known are accompanied to their homes by one of the guards, or taken to the nearest police-station.

SIR SAMUEL BAKER, who is still at Jubbulpore, contradicts some insinuations which were made by a native paper lately, with reference to the coolies who are employed by him as beaters. Sir Samuel Baker writes to the *Pioneer*:—"I have not permitted any individual to be forced into my service, either as a beater or in any other capacity. I pay my beaters regularly, and I can obtain any number of volunteers in excess of my requirements. In the event of killing a tiger, they receive double pay." In a recent tiger hunt, a native beater unfortunately was killed, and two were scratched. The statement, however, that three natives were killed and that they had been forced to drive the tiger, and that the beast escaped unhurt, is altogether untrue. The tiger was killed immediately.

THE *Bombay Review* states that "it could be desired that our Lusitanian friends did not spend so much of their strength on disputings and dissensions. To lookers on, it seemed that in the recently appointed Consul for Portugal, an old resident and much respected citizen of Bombay, they had the right man in the right place. Probably that may eventually prove to be the prevailing opinion in the community itself, for we see from the *India Catholica* that a counter movement in favour of the Consul is progressing. And after all the noise that has been made about the exaction of fees, we find that the income of the consulate from all sources does not cover its expenses. This being so, the Lisbon Government ought, for its own dignity's sake, to make provision for the purpose."

GREAT FIRE AT COLABA.

LAST night one of the largest fires ever seen in this city took place at Mr. Nusserwanjee Manockjee's Spinning Mills at Colaba. These mills were formerly the property of the Colaba Spinning and Weaving Company, of which the famous Nursey Kessowjee was the principal shareholder. The present proprietor purchased them not very long ago from the liquidators. One of the large piles of buildings, originally a cotton press house and standing apart from the rest, was at about half past 9 o'clock yesterday evening seen to be on fire. An immense volume of smoke ascended from the vicinity of the large iron chimney and almost immediately flames shot up and the whole building was in a blaze in ten minutes. The rapidity with which the flames spread over the whole building, which was two stories high and some 200 feet long, by perhaps 150 in breadth, has given rise to a suspicion of incendiarism, but so far as we could learn there is no ascertained ground for that supposition. The volume of fire and clouds of thick smoke soon notified to all Bombay that Colaba was the scene of a great conflagration. Thousands of persons proceeded to the spot on foot, in buggies, in bullock carts and in carriages. The fire brigade were promptly on the spot with their two steam fire engines and some hand engines, which, by the way, were found to be not in good working condition. The roof and floors of the building fell in before any impression could be made on the fire and the clouds of sparks blown by the wind over thousands of bales of cotton in the depôts close at hand, endangered property worth perhaps a hundred thousand pounds and upwards. But Messrs. Gaddum and Company's representative and the representatives of other firms employed an army of coolies to shift the bales and to put out petty fires as they showed themselves. One godown containing a great quantity of half-pressed cotton was in the utmost danger for some time, for if it had taken fire nothing could have saved it. The Gun Carriage Factory beyond it actually took fire and was only saved by the tearing off the burning roof by soldiers and others. A detachment of European soldiers kept the crowd back from the immediate neighbourhood of the fire and was of great service.

A good supply of water was obtained at the tank close to the mills.

At 11 o'clock the greater part of the massive walls of the mill fell in, seriously endangering the firemen, but fortunately no one was hurt.

The building was not insured. Some two months ago it was surveyed for the purpose of insurance, but as it was considered an extra risk, the tariff rate asked was considered too high and the insurance was not effected. Great sympathy is felt for Mr. Nusserwanjee M. Petit. But fortunately the building which has been destroyed, large as it was, by no means formed the chief part of the establishment, and it was not actually at work of late; it was used principally as a storehouse for goods turned out in the other buildings. The business is not therefore seriously interfered with.

OTHER ACCOUNTS.

SOME thousands of the inhabitants of Bombay were startled last evening to see a lurid glare rolling skywards in the direction of Colaba. Soon from all parts of the Fort and its neighbourhood excited throngs made their way towards the red cloud which appeared to hang over the extensive mills at Colaba. In a very short space of time the buggy stands were denuded of the elegant vehicles with which they are usually adorned, their drivers having been engaged by those anxious to witness the great conflagration which was evidently taking place. The road to Colaba was crowded with vehicles and natives on foot hastening to the scene, and outside the mill buildings the fire was watched by a large assembly of people. Inside the premises hundreds of British soldiers belonging to the 2-11th Regiment and the Artillery were busily engaged in rolling the large bales of cotton out of the reach of the sparks which flew from the burning building and spread around in every direction. The building over which the fire had obtained such a destructive influence was a large one, in which spinning machinery of the mill was fixed. It was at first noticed to be on fire at about half past eight or nine o'clock and fire engines were at once sent for and efforts made to save as much as possible of the contents of the building. The flames, however, spread with such rapidity that only a small quantity of piece goods could be thrown out. The nature of the stores in this part of the mill was not at all favourable to the speedy extinction of the fire, and before the steam fire engine could be brought to play upon the structure the fire had asserted a complete mastery over it and it was vain to hope to save it. Under these circumstances it was obviously the wisest plan to concentrate the efforts of the workers in preventing the fire from spreading to any other part of the block of buildings. The engine room which is attached to the spinning room of course suffered to a great extent by the fire, but the firemen, the soldiers and other valuable assistants seem to have prevented anything like its total destruction. The want of several good fire engines was painfully apparent. The little manual engines were worked manfully, but the pitifully small streams of water which they were able to pour upon the building seemed rather to increase than diminish the flames. The chief engines, however, did some good work, and by lessening the showers of sparks considerably reduced the danger of other parts of the mill becoming ignited. Of water there was of course a plentiful supply as the Dock is within a few yards of the mills. The large square building to which the fire was confined was completely gutted, and within a couple of hours from the commencement of the conflagration three was nothing but an illuminated skeleton of the structure. The great danger lay in the millions of sparks which whirled in eddies from the roof and gushed in streams from the openings once occupied by windows and doors. These sparks fell in thick showers on the building opposite and great fears were momentarily entertained as to its safety, and everything was placed in readiness to meet the enemy on new ground. Although hundreds of willing hands were engaged in removing from the neighbourhood of the fire the bales of cotton which lay around in large numbers, yet some of these bales could not be removed. Bheesties with their *mussucks* were in readiness to put out any glimmer of fire or puff of smoke. Large numbers of soldiers and others were grouped round the cotton bales and as fast as the sparks fell they were stamped out with feet and hands. In one or two cases, however, a flame shot up, and but for the prompt rush made towards it and the energetic action taken to extinguish it, the fire must have assumed far larger proportions. Thousands of spectators were present, and the scene at the mills was a very striking one. Now the roof would fall in with a great crash and raise a blinding cloud of sparks, dust and smoke, then a ceiling would come down with a dull heavy thud and send fragments of burning wood flying in every direction. The building was thus almost reduced to bare walls, when one corner fell outwards in a very unexpected manner. The firemen had been working at this spot a few moments before and the crowd as they retired precipitately backwards believed for a minute or so that people had been buried beneath the *debris*. This happily was soon seen to be an incorrect supposition, and no life, we believe, was lost at the fire. The damage done to the property, however, must be very great.

ONE of the most disastrous fires of late years occurred yesterday in Colaba, when a huge block of building forming the larger portion of what was known as the Colaba Spinning and Weaving Mill, of Nursey Kessowjee notoriety, was burnt down. The premises are situated on the docks next the Gun Carriage Manufactory, and are divided into two blocks, the one the spindle department and the other containing the looms, &c., with an engine-house attached. This latter consisted of two upper storeys over the ground floor and might be roughly calculated to measure 125 feet in length by the same in depth. The ground and first floor are said to have contained the looms with a little cloth, and the top story was filled with yarn, &c. The building, besides, contained valuable stores appertaining to a spinning mill, and at the time of the fire, had been shut up for more than a week, no work whatever going on. Barely three months ago this property was purchased by Mr. Nusserwanjee Maneckjee Petit on behalf of the Oriental Company for the sum of six and a half lakhs, from the liquidators, and after the purchase was completed the whole property was insured, but as it unfortunately happens now, in an Assurance Company in which many who are shareholders in the one, are also shareholders in the other—namely, the Prince of Wales S. and W. Co, whose premises, besides those of three other spinning and weaing factories, border on that of the recently acquired mill. It cannot be said with certainly at what time the fire was discovered, but a very dense volume of smoke was observed at a quarter to nine last night, and when people arrived on the scene, the building mentioned was already blazing—blazing, too, in a manner that defied any efforts to extinguish it. The police, we were told, were there at half past nine, and it was then described as burning furiously. Be that as it may, at a quarter to ten o'clock the whole block was in a mass of flames, and the puny efforts of a small steam fire-engine were worse than useless, as directed against the building itself. The rapidity with which the flames spread was something remarkable, so much so that the Superintendent of the Gun Carriage Manufactory, Major Stockley, called out the 2-11th Regiment from Colaba, who were playing with the hose of the manual engines, before the police were there, and acting on such an emergency with the pluck and energy of soldiers. Water was, however, the great difficulty, for sufficient force could not be acquired to pump water—the sea water from the basin—with hand power. The hydrants were not available, and it was not till some time had elapsed that jets of water could be directed above the roof. A number of the Royal Artillery were also on the ground as soon as any, helping to the best of their power, but it was impossible to save the building. Hundreds of pressed and loose bales of cotton belonging to different firms, that were lying stacked on the ground in close proximity were trindled off anyhow to as great a distance as the dimensions of the whole area would allow and water kept playing on them by means of buckets and hand-engines. This did not prevent several small ignitions in various quarters, all of which were, however, thanks to the quick sightedness of the soldiers, soon got under. It was indeed a most fortunate occurrence that there was no high winds, or the destruction would have been dreadful. As it was the sparks flew in myriads towards the Gun Carriage Manufactory side, and threatened at every moment to ignite the adjacent blocks. The fire commenced close to the engine house, on the windward side, and strangely enough, was first noticed as if proceeding from the roof itself and then communicating with the apartments below. As very soon it became evident that there were no means of saving either building or contents, efforts were directed to, at least, save the engine-house, in which up to the time of going to press, they were successful. It was a magnificent, but at the same time deplorable, sight to see the factory burn. Built largely of wood, with thin brick walls after the usual fashion of Bombay houses, the uprights burnt like lucifer matches, boarded floor after floor fell in, until about 11 p.m. the greater portion of the frontage came down with a tremendous crash, causing a perfect fog of smoke for several minutes. The roof had gone long before. The great leather straps and the iron work resisted for a long time, but at midnight the latter looked like so many fiery serpents twisting and writhing, making a pyrotechnic exhibition not to be equalled by art. When the whole building will cease to burn cannot be now said, it had not before 1 a. m, this morning. Nor can the extent of the loss be stated with anything like certainty, but taking into consideration the amount paid for the spinning mill, of which, as we have said, this was the largest block, the valuable contents, of which, literally nothing, beyond a few dozen pieces of cloth which were at the commencement pulled out, was saved, it would not be far wide of the mark to put it down at three lakhs or three lakhs and a half. The excitement caused might be gathered from the fact that Europeans from such distant places as Byculla and Grant Road were on the spot. Some said they had seen the lurid reflection of the fire from the latter place. It was distinctly visible from the Fort, and in Colaba itself changed the temperature by several degrees. The only main road of Colaba was lined with carriages and among the sightseers could be numbered many ladies.

HOME RULE FOR SCOTLAND.

SIR GEORGE CAMPBELL has been studying Home Rule systems in Austria and elsewhere, and he is of opinion that Home Rule would suit the Scotch perfectly, though about the Irish he has his doubts. He writes in the *Fortnightly Review*:—

"There can, I think, be little doubt that Scotland would be far the best field for an experiment in this direction. Passions are not there inflamed; there is no hankering after political separation. It would be mere matter of improved facilities for business and mutual convenience. In that case a Scotch diet, meeting annually at Edinburgh, would dispose of those peculiarly Scotch affairs which might be placed within its competence, while a reduced number of members would form the Scotch delegation to represent Scotland in the general Parliament of the empire. The only inconvenience would be that if the experiment were first tried as regards Scotland only, the consequent reduction in the number of Scotch members sent to London would deprive Scotland of her due weight in imperial affairs. She would thus occupy much the same position that Croatia now does in regard to Hungary. But then there would not be the same antagonism of race. I quite accept Mr. Freeman's assertion that the Scotch are really North English—in fact, the real, pure, true and original English. But the union of north and south has come about in such a way as to save the *amour propre* of the lesser people—and now we have no objection whatever to be called by ethnologists North English, only maintaining the superiority of the English of the north to the Saxons of the south. It might be, then, that the Scotch delegation to the British Parliament would make up in moral force for smallness of numbers, and we should not complain.

"The experiment, however, could hardly be fully tried unless it were made general; so that the Parliament of the empire should consist only of members sent for imperial work from all its divisions equally, and all local affairs should be relegated to provincial assemblies. Wales would make one very good province; agricultural South England might make another; manufacturing North England another; and the metropolis, with its surroundings, a special province. Possibly, too, there might be an East Anglian agricultural province, and a special mining province in the north.

"Ireland would still be the difficulty. I confess I see very great obstacles to the introduction of any such system into Ireland as things now stand.

* * *

"After all, Ireland is geographically more separated from us than is France, and many believe that it is only for the sake of the British colonists that we need desire to retain it. If, then, at great cost and sacrifice we do so for their benefit, I think we may fairly call on them to make some such sacrifices in regard to the strictest rights of property, as may be necessary to render Ireland contented and conservative. There is only one heroic means of affecting that, viz., to give the people rights in the land. After travelling through many countries, I come back much impressed with the fact that Ireland is the only country in Europe in which peasant tenures have not been enfranchised. Unless we are prepared to drive the whole people across the Atlantic, we shall have to do this in the end. We must do it by means somewhat more radical than those which Mr. Bright proposes, but not more radical than those adopted by conservative Austria. The Austrian plan has been to deduct one-fifth from the value of the peasant lands in consideration of securing to the proprietor the remaining four-fifths value by State Bonds, besides his demesne lands; and the peasants pay off the bonds by instalments. If this could be carried out as successfully as it has been of late years in both Austria and Roumania, Ireland might yet become peaceful and conservative, and two or three Irish provinces might have the same amount of Home Rule as Scotland or Yorkshire."

THE TEACHING OF HEBREW AT THE HIGH SCHOOL.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—Now that the new building on the Esplanade for the use of the Elphinstone High School is soon to be opened by our new Governor, Sir James Fergusson, I beg to make a humble suggestion through your valuable paper to the Principal of the institution, hoping it will meet with the attention it deserves. The Bombay High School is the first of its kind and has the biggest staff of teachers. Besides the Principal and the Vice-Principal, both of them Europeans and more than twenty native assistants, there are four special teachers to teach the several classical languages. The assistant masters, besides doing their regular duties, also teach the vernaculars and some of them assist the special teachers. In this way, students of all classes receive here instruction in their own vernaculars and sacred languages. The Jews only who have done much for the institution are left unprovided for. No provision is made for teaching them Hebrew, and not a single student has up to this time passed in that language from the institution. The David Sassoon scholarship of the value of Rs. 25 per month in the local University was established in 1868 and only two stray Hindus have by this time managed to get it. I have a son in the school, and have, like many men of my community, a great longing to teach him the language of my ancestors. But at present there is not the least chance of my doing so, as there is not a single institution in Bombay where the language is systematically taught. The priests teach the youngsters only to read the Old Testament, and that is all. No attempt is made at explanation and grammar. Private tuition, I see, can do something in this direction, but it is not in every body's power to avail himself of such aid. Under these circumstances, I request the Principal of the institution or the Director of Public Instruction, or any other higher authority to secure for the school the services of a competent Hebrew teacher (one of our own community) for the use of the Jew boys. By doing so Government will not only be looking to the wants of the school boys, but also showing its sense of gratitude to the head of the Jewish community, to whose single-handed liberality the school owes its new erected fine building.

Bombay, May 17. J. S. S.

BOMBAY.

TO-DAY.

Gaiety Theatre, Dave Carson's Troupe, 9 p. m.
Band, Bombay Volunteers, Apollo Bunder, this evening.

VESSELS ARRIVED.—The following vessel arrived yesterday:—Mangerton (s), from Kurrachee.

VESSELS SAILED.—The following vessels sailed yesterday:—County of Hoddington, to Akyab; H. Bolkow (s), P. Gulf; E. Gabreille, Mauritius; City of Baltimore (s), Liverpool; Scindia (s), Calcutta.

THE TULSI LAKE.—The height of water in the Tulsi Lake up to 6 a. m. on Sunday, the 16th instant, was 18 feet 22 tenths.

PRINCE'S DOCK.—The steamships Eclipse and Hudson entered the Prince's Dock on Tuesday last, and the S. S. Coconada hauled out of the dock on the same day.

ASSAULT.—William Smith, a fireman of the steamship Nerrissa, was yesterday sentenced by Mr. W. Webb to three weeks' rigorous imprisonment for assaulting Mr. James Kerfoot, the second engineer of that vessel.

A BREACH OF THE ABKARI ACT.—Cassee, woman, was yesterday fined Rs. 10, or in default fourteen days' rigorous imprisonment, for removing or conveying twenty Bengal seers of salt without a permit from the Collector of Bombay.

TRESPASS.—Gunnoo Succaram was yesterday fined Rs. 7, or in default fourteen days' rigorous imprisonment, by Mr. P. Ryan for trespassing without any reasonable cause in the premises of the B. B. and C. I. Railway workshops at Parell.

GOVERNOR'S BALL AT MAHABLESHWAR.—A correspondent writes to the *Deccan Herald* that there was a Ball at Bella Vista on the 14th inst. His Excellency the Governor made a charming host, and the Ball was a brilliant affair.

ACCIDENT.—Mr. Robert Smith, a Customs Preventive officer doing duty on board the S. S. Mirzapore, accidentally fell from the ship into a praa alongside on Tuesday last and was seriously injured. He was at once removed to his residence by Mr. King, of the same department.

THE GOA RAILWAY.—The railway route having been finally determined marks have been put along the road through which the lines will pass. The Goa Government have warned the inhabitants under a heavy penalty not to interfere on any account with these marks, which has cost so much money and trouble.

THEFTS.—Shunvar Shrawun was yesterday convicted by Mr. P. Ryan of stealing a gold ornament, valued at Rs. 70, the property of Wittoobai, woman. He was sentenced to two months' rigorous imprisonment.—Oomersing Goonnersing was also yesterday convicted by the same magistrate of stealing eight pieces of wearing appreal, valued at Rs. 3, belonging to Imambeg Mahomedbeg, and was sentenced to six weeks' rigorous imprisonment.

MUSIC AT THE APOLLO BUNDER.—The following programme of music will be played by the band of the Bombay Volunteer Rifles at the Apollo Bunder this evening:—

March	Alexandra	G. Rudolphsen.
Overture	La Fille Du Regiment	Donizette.
Dust	Oberto Conte di S. Bonifacio	Verde.
Waltz	Mein Schonster Tag in Berlin	Gungl.
Polka	Marlow	Kuhner.
Galop	Feldjager	Peplow.

GOD SAVE THE QUEEN.

ROBBERS AT GOA.—An armed band of about 20 robbers have succeeded in committing an atrocious robbery, and carring away property to the value of 3,000 zerafins in the village of Douli (Goa) where a Brahmin, who was sleeping in his verandah, was attacked and very badly wounded, so also were three females who were inside the house. Some eight persons of the neighbouring villages have been arrested on suspicion.

A STRAY BRAHMIN.—A young Brahmin resident of Ahmedabad, apparently insane, was on Tuesday last found in a tonie drifting with the tide near Peer Pow, and when questioned by the police to account for his presence therein, stated, he was going to Kabul to seek for employment. The tonie, it appears, belonged to a fisherman at Mazagon and was taken away on Tuesday afternoon at about 2 o'clock, without the permission of the owner.

COUNTERFEIT COINS.—Muncherjee Dorabjee was yesterday convicted by Mr. Nana Morojee of delivering to Mankee, woman, a counterfeit of the Queen's coin, to wit a half rupee piece, which he knew to be a counterfeit, and also of having in his possession a counterfeit rupee with intent to commit fraud knowing the same to be a counterfeit. He was sentenced to nine months' rigorous imprisonment and a fine of Rs. 20, or in default to a further term of one month's similar imprisonment.

STATE RAILWAYS IN THE HYDERABAD PROVINCE.—*Nizam's*.—During the month of February last the total receipts on this railway amounted to Rs. 21,272-4. The chief earnings were for 1,345 tons of salt Rs. 5,630-6; grain and pulses, 563 tons, Rs. 3,686-10; piece goods, Rs. 1,495-10; and hardware and metal, Rs. 1,023-5. *Amroati*, 6 miles from Badneira.—For the three weeks ending 27th March last the total earnings amounted to Rs. 5,337 and for the corresponding period last year Rs. 7,271, showing a net decrease of Rs. 1 934. There has been a falling off in cotton of Rs. 1,374, salt Rs. 207, and grain and pulse Rs. 240; while there has been an increase on rice of Rs. 137. *Khamgaon*, 8 miles long.—The receipts from 6th to 27th March amounted to Rs. 3,610, being a decrease of Rs. 2,180 on the previous year's earning, which amounted to Rs. 5,790. Like the Amraoti railway cotton trade is dull, for there has been a decrease of Rs. 1,888 in cotton compared with the receipts for the same period last year. In rice, ghee and oil and jaggbery there has been a decrease of Rs. 246, Rs. 142 and Rs. 111 respectively. Why the exportation of cotton should be so slack is a matter of enquiry for the cotton dealers.

THE IRISH RELIEF FUND.

WE have to acknowledge receipt of Rs. 86, being amount of subscription by construction employes of the open line W. R. S. R. towards the above fund.

THE Collector of Kolaba has been exerting himself heartily for the relief of the distressed population of Ireland. He has collected Rs. 448-13-0 for this purpose and forwarded it to the local secretaries through Dr. Weir.

THE NORTH-WEST PROVINCES AND OUDH ICE FACTORY COMPANY.

It will be seen by a notice in our advertisement columns that a company has been formed for the purpose of establishing in the N. W. P. and Oudh factories for the manufacture and sale of pure block ice, aerated waters, cooling apparatus, ice safes, &c. A contract has been entered into with the General Ice Factory Company, London, for a grant of the sole right to use, sell, lease, or license in those provinces the patent machinery of the company, who have also contracted to erect at Agra, Allahabad, and Lucknow, respectively, factories fitted with such machinery, each capable of producing ten tons of pure ice, in large blocks, every 24 hours continuous working. In order to provide funds for purchase of land, erection of machinery, &c., the directors invite subscription for 480 mortgage debentures of £100 each, bearing 8 per cent. per annum interest, and redeemable by annual drawings of not less than 5 per cent, commencing on 31st March 1882. The capital of the company is £150,000, in 30,000 shares of £5 each.

The Allahabad factory, which has been erected, is a very fine building, and was built by Messrs. Frizzoni and Co., of Allahabad and Lucknow. It is expected that the machines will start work next week. Very extensive works have been erected for raising water, some 300 gallons a minute, from the river Jumna, and enormous filters and settling tanks for purifying the water have also been constructed at considerable outlay. The Lucknow factory, it is expected, will start ice-making next month, and the Agra Factory about the same time. The whole of these works were designed by Mr. A. W. Forde, the Consulting Engineer for India to the General Ice Factory Company, Limited, of London, and the machinery by Mr. D. Rae, the Superintending Engineer who erected the machinery at Bombay, Calcutta, and Madras for these companies, now in operation. Three additional 10 ton factories are to be erected by the N. W. Co. at Benares, Cawnpore, and Delhi next cold weather.

CALENDAR OF MAIL STEAMER DEPARTURES DURING THE MONTH OF MAY.

Thursday, 20th—B. I. steamer for Calcutta and intermediate ports on the west and east coasts, including Ceylon.

Friday, 21st—P. and O. steamer for Galle, Penang, Singapore, Hongkong, and Shanghai, also via Hongkong for Yokohama.

Saturday, 22nd—P. and O. steamer for Aden, Suez, Europe and places beyond; also for Australian Colonies, via Melbourne.

Tuesday, 25th—B. I. steamer for Kurrachee and Persian Gulf.

Thursday, 27th—B. I. steamer for Calcutta and intermediate ports on the west and east coasts, including Ceylon.

Saturday, 29th—P. and O. steamer for Aden, Suez, Europe and places beyond; also via Aden, for Mauritius, Mahe (Seychelles), and Reunion

B. I. steamer for Kurrachee

THE VINGORLA FUND.

WE have to acknowledge receipt of Rs. 20 from Mr. P. C. Higgins, Arthur Crawford Market and friends towards the above fund.

THE GAIETY THEATRE.

GIROFLE-GIROFLA, the performance of which has been so well received on the two occasions of its production this week, will be repeated for the last time to-night. It will fully reward any one who may be induced to pay the theatre a visit to see the piece.

THE KAJ TARNAK AFFAIR.

THE correspondent of the *Kandahar News* writes as follows from Khelat-i-Ghilzai on the 3rd inst:—

Shortly after midnight on 2nd instant, 250 men of the 2nd Baluch Regiment under Colonel Tanner, accompanied by a signalling party of the 65th Regiment under Lieut. O'Donnell, proceeded to Kaj Tarnak river to surprise and capture maliks of villages and others concerned in the attacks on convoys from Kandahar during the last month. The surprise was most successful, 50 men being taken prisoners, including the principal maliks. Most conclusive evidence as to their guilt was found in the shape of Commissariat bags, &c., secreted in their houses and fields. A standard, supposed to have been brought from the late fight near Ghazni, was also found. At about 9-30 a.m. Col. Tanner and Major Biscoe, returning with the Sirdar and his men, saw a body of men assembled on the tops of the hills. A party was immediately called up and proceeded to storm the position held by the Ghazis, which was a very strong one, owing to the steepness of the ascent and the rocky nature of the ground. A small body of fanatics, under cover of the rocks, made a desperate resistance, fighting till they were killed. The remainder retired directly the companies were getting near to the top of the hills, taking up a fresh position some few hundred yards to the rear, which they were speedily compelled to evacuate, leaving three of their number

SALES BY AUCTION.

BENNETT AND COMPANY,
No. 4, FORBES STREET.

Under instructions from F. H. De Britto, Esq., the Receiver of the Estate of the late Mr. Cursetjee Cowasjee Bhandoowalla, deceased, Messrs. BENNETT and Co. will, on TUESDAY, the 25th instant, at 1 p. m., sell by Public Auction, opposite the Mahadev Baug, near Cowasjee Patel's tank, Khetwady, the very valuable and handsome F. F. richly carved blackwood household furniture, best plated ware, rich crockery and glassware, 4, 6, 8, 12, 16 and 20 light plated, and bronze, hanging argand lamps, 4, 6, 8, 12, and 16 light plated chandeliers, 4, 6, 8, and 12 light handsome wallshades, marbles and bronze figures, handsome Japanese and China table ornaments, handsome marble busts, an English built handsome landau, a English built handsome brougham, one handsome 4 seated open carriage, one handsome mail-phaeton, a powerful grey Australian horse, sets of harness, a few lots of plants, &c., &c., &c.

Catalogues are published and the property is now on view.

The property of an other gentleman—

1 Handsome 4 seated open carriage with a grey fast trotting Australian horse and harness.

BONA-FIDE.

On THURSDAY, the 27th May next, at 1 p. m., Messrs. BENNETT and Co. are instructed to sell by Public Auction at Breach Candy, the valuable and handsome French-polished carved blackwood furniture, best platedware, rich crockery and glassware, a mahogany semi-grand pianoforte by "Broadwood and Sons," large gilt pier glasses, large birds cage with birds, rich table vases and table ornaments, first-rate oil-paintings and oleographs in gilt frames, a first-rate silver plated sewing machine by Wilcox & Gift's, can be worked either by hand or foot, with walnutwood case, a handsome English-built four-seated barouche by "Lawrie and Marner," a handsome strong English built mail-phaeton by "St. Barker & Co., Chandos," a pair of handsome fast trotting young Australian horses, a grey Australian brougham horse, sets of single and double harness, books, a collection of choice and rare plants in tubs and pots, &c., &c., &c., the property of Risley W. Hearn, Esq., Solicitor.

Catalogues are published and the property is now on view.

N.B.—The plants will be sold at 5-30 a.m. on the same day.

An Investment giving from 10 to 15 per cent.
HOUSE AND LAND AT BANDORA HILL.

Messrs. BENNETT and Co. will on MONDAY, the 31st instant, at 4 p.m., sell by Public Auction, on the premises, unless previously disposed of.

The bungalow and land now in the occupation of William Bullock, Esq., the same comprising about 9,800 square yards of land with cook house, stables, and servants' quarters.

The above property is situated on the Ridge opposite "Lands' End" and occupies the most desirable site on Bandora Hill.

The bungalow is in excellent order, and a tenant is offering Rupees 150 per month for two years at the option of the purchaser.

Half the purchase money may remain under mortgage, payable by instalments.

The property will be on view on and after the 20th instant, and offers will be received by the undersigned.

BONA-FIDE SALE OF VALUABLE HOUSEHOLD FURNITURE, &c.

On WEDNESDAY, the 26th instant, at 1 P. M., Messrs. BENNETT & Co. are instructed to sell by Public Auction, at Nepean Sea Road, Breach Candy, the valuable and handsome richly carved French polished blackwood and teakwood household furniture, best plated ware, rich crockery and glassware, handsome plated 4 light lustres, 2 light hanging argand lamps, first-rate chromolithograph and oleographs in gilt frames, handsome Japanese and China vases, marble, bronze, and brass figures, Delhi made ornaments, a second hand large size canoe shaped barouche by "Thrupp and Maberley," a second hand large sized brougham, circular front by Holland and Holland in very fair order, complete sets of brass and plated mounted English single and double harness, a collection of choice and rare plants in tubs and pots, &c., &c., &c., the property of the Honourable Mr. Justice Phillip Francis, about to Europe.

Catalogues will be published and the property on view 4 days before the sale.

Also the property of John Warden, Esq.

1 pair handsome fast-trotting Bay Australian horses, very quiet and sound.

AUCTION SALE OF VALUABLE LANDED PROPERTY.

On FRIDAY, the 28th instant, at 4 p.m., Messrs. BENNETT and Co., will sell by Public Auction on the premises the following valuable landed property:—

All that piece or parcel of land or Government ground, with the messuage, tenement, or dwelling house, situate, lying, and being without the Fort walls of Bombay, on Duncan Road, assessed by the Collector of Land Revenue under No. 2,920 and by the Collector of Assessment under No. 36, and containing by admeasurement two hundred and twenty-six square yards and four-ninth of a square yard, be the same little more or less, and bounded as follows, that is to say, on the east by the Duncan road, on the west partly by the property of Purbhoodass Bhaydass and partly by the property of Settappa Venkutee, on the north by the property of Muliuckchan Mordass, and on the south by the property of the said Purbhoodass Bhaydass.

For further particulars and conditions of sale apply to the undersigned.

BENNETT & Co.

Bombay, 20th May, 1880.

CRAWFORD AND COMPANY,
2, MARINE STREET, BOMBAY.

SALE OF LANDED PROPERTY AT GAIWADY.

THIS DAY, THURSDAY, the 20th instant, at 4 p.m., Messrs. CRAWFORD and Co. will sell by Public Auction, on the premises, by order of Parwatebai, widow of the late Balcrisana Ragoonath, the Mortgagee, and on account and at the risk of Damodar Harrichund Dhotre, the Mortgagor, in pursuance of the power of sale given in the Indenture of Mortgage, dated 26th day of February 1877.

All that piece of "assendary ground with the dwelling-house and all erections and buildings standing thereon, together with appurtenances thereto, situate in the cart called Gaiwady, at or near the Portuguese Church, in the sub-district of Bhoiwadi, admeasuring 244 1-9th square yards or thereabouts, bounded on the east by the house of Sudasev Sunkerset Agnaker, on the west by the house of Rao Bahadoor Nana Moroba, and property of Mulujee Adarjee Homjee, on the north by the range or chawl of Shreecrushna Wassoodevjee, and Ramchunder Gunputjee, and on the south by the house of Vaekajee Dayanath, and assessed by the Collector of Assessment under Nos. 89, and which said premises were formerly and are now in the occupation of the said Damodar Harrichund Dhotre, his brother and his tenants.

For further particulars and conditions of sale apply to MUNSURKHLAL M. MUNSHI, Esq., Solicitor to the Mortgagee or to the undersigned.

NOTICES.

WAR!!!

O H WORLD

O H MEN, WHAT ARE YE, AND OUR BEST DESIGNS

THAT WE MUST WORK BY CRIME TO PUNISH CRIME

AND SLAY AS IF DEATH HAD BUT THIS ONE GATE.
BYRON.

THE COST OF WAR.

"Give me the money that has been spent in war, and I will purchase every foot of land upon the globe; I will clothe every man, woman and child in an attire of which kings and queens would be proud; I will build a school-house on every hill-side and in every valley over the whole earth; I will build an academy in every town, and endow it a college in every state, and will fill it with able professors; I will crown every hill with a place of worship consecrated to the promulgation of the Gospel of peace; I will support in every pulpit an able teacher of righteousness, so that on every Sabbath morning the chime on one hill should answer to the chime on another round the earth's wide circumference, and the voice of prayer and the song of praise should ascend like a universal incense to heaven."—RICHARD.

WHAT CAN BE MORE TERRIBLE THAN WAR?

"I will tell you what is ten times, and ten thousand times, more terrible than war—Outraged Nature. She kills, and kills, and is never tired of killing till she has taught man the terrible lesson he is so slow to learn, that Nature is only conquered by obeying her. . . . She has the courtesies of War; he spares the woman and the child. But Nature is fierce when she is offended, as she is bounteous and kind when she is obeyed. She spares neither woman nor child. She has no pity; for some awful but most good reason, she is not allowed to have any pity. Silently she strikes the sleeping child with as little remorse as she would strike the strong one with the musket or the pick-axe in his hand. Ah! would to God that some man had the pictorial eloquence to put before the mothers of England the mass of preventable suffering, the mass of preventable agony of mind and body which exists in England year after year."—KINGSLEY.

HOW MUCH LONGER MUST THE

CAUSES OF THIS STARTLING

ARRAY OF PREVENTIBLE DEATHS

CONTINUE UNCHECKED?

FOR the MEANS of PREVENTION and for preserving Health, by natural means, see a large Illustrated Sheet, wrapped with each bottle of ENO'S FRUIT SALT.

HOW to PREVENT DISEASE and PREMATURE DEATH by natural means, use ENO'S "FRUIT SALT."

WHAT EVERY TRAVELLING TRUNK and HOUSEHOLD in the world ought to contain—
A BOTTLE of ENO'S "FRUIT SALT."
Without such a simple precaution the jeopardy of life is immensely increased.
ENO'S FRUIT SALT.

THE NURSERY.

BRAIN FOOD in CHILDHOOD,

SLEEP,

HEALTH in CHILDHOOD,

FRESH AIR, and

ENO'S FRUIT SALT

PREPARED FROM SOUND RIPE FRUIT.

IMPORTANT to PARENTS.

SHOULD a parent have nothing to bestow on a child but a narrow education, still he will bless you if you form his body to health, and strength, and activity, whether he earns his simple meal by labour at the plough, anvil, or axe. On the contrary, if you neglect his health and strength, and leave him a debilitated wretch, he will curse you, though a millionaire. ENO'S FRUIT SALT is an INDISPENSABLE REQUISITE in the PRESERVATION of CHILDREN'S HEALTH. INJUDICIOUS DIET.

AS a gentle LAXATIVE or TONIC it is pleasant to the taste, and much superior to nauseous drugs; it corrects the ill effects of late hours, over-heating, or exhaustion, and is extremely beneficial in any affections of heat of the skin. Unlike other salines, instead of lowering the system, it invigorates it. The FRUIT SALT ought to be kept in every nursery, not only for use as a health-giving, pleasant,

COOLING, REFRESHING, and INVIGORATING BEVERAGE, but also as a convenient and valuable remedial agent. Colds, feverishness, fevers, inflammatory diseases, &c. Many fevers and other inflammatory diseases would be thrown off, or greatly modified, if the FRUIT SALT and a blanket bath were used at the outset.

In disorders of the stomach or of impure blood it is invaluable, for not the least of its recommendations is its resemblance to fruit in the natural way in which it relieves the system of effete matter, which, if retained, poisons the blood. Its advantage over fruit is that it can always be at hand when required: at the same time it is in every respect as harmless as the juices of ripe fruit, from which it has been obtained.

STIMULANTS and insufficient amount of exercise frequently derange the liver. ENO'S FRUIT SALT is peculiarly adapted for any constitutional weakness of the liver. A world of woes is avoided by those who keep and use ENO'S FRUIT SALT.—"All our customers for ENO'S FRUIT SALT would not be without it upon any consideration, they having received so much benefit from it."—WOOD BROTHERS, Chemists, Jersey, 1878.

ANY EMERGENCY.

IT ought to be kept in every bedroom, in readiness for any emergency, for under any circumstances its use is beneficial, and never can do harm.

"SUCCESS IN LAW."—A new invention is brought before the public and commands success. A score of *abominable imitations* are immediately introduced by the unscrupulous, who, in copying the original closely enough to deceive the public, and yet not so exactly as to infringe upon legal rights, exercise an ingenuity that employed in an original channel could not fail to secure reputation and profit.—*Address.* CAUTION.—Examine each bottle, and see the capsule is marked "ENO'S FRUIT SALT." Without it you have been imposed on by worthless imitations. Sold by all chemists. Price 2s. 9d. and 4s. 6d. Prepared only at Eno's Fruit Salt Works, Hatcham, London, S.E., by J. C. Eno's patent.

Girgaum Veterinary Stables, Bombay, 11th May 1880.

REV. D. DAVIES, Sunny-place, Ponthir, Mon., writes, Nov. 2-th, 1879: "Having suffered a most severe shock of the nervous system, through the very sudden death of my beloved wife, I was very much afraid that I would not be able to study and preach for many months. In this critical crisis, a friend advised me to procure 'Cobden's Quinine and Phosphorus Pills.' I am pleased to inform you that, after taking a few doses, I felt increased vigour of mind and body, and in a month was able to resume all my pastoral duties, and have continued to labour without interruption. As a remedy for nervous exhaustion, I consider 'Cobden's Pills' incomparable. I have given them to many who have been victims to neuralgia Pains, nervous indigestion, giddiness in the head, &c, and in all cases they have proved a perfect cure."

REV. T. C. HOSE, Rector of Roydon, Diss., writes, Nov. 22nd, 1879: "I gave the 'Cobden's Quinine and Phosphorus Pills you sent me to the daughter of a parishioner who suffered intensely from Neuralgia, and she took them according to directions, and declares herself cured. That is the only instance I have noticed of the wonderful effects for the alleviation and, in fact, cure of this distressing complaint.

REV. JOHN SHEWARD, of Milton, Kent, writes: "My nerves were so shattered that I dreaded the simplest duties, and lost all energy and pleasure in the performance of them. The despondency I endured became almost unbearable. Since taking 'Cobden's Pills,' the change in my health for the better is very marked. I have lost that horrible depression, my nerves are much stronger, and my general health very greatly improved. I cannot express how truly thankful I feel for the remarkable and pleasing change.

COBDEN'S PILLS (Quinine and Phosphorus) Produce appetite and a healthy digestion. Renew the strength. Renovate the failing power. Remove sensations of fatigue. Produce sensations of exhilaration. Cause no after depression. Increase the capacity for mental and physical exertion. Produce cheerfulness. Give a coolness and dexterity to the mind. Confer freshness, originality, and energy on the mental processes. Produce sensations of increased muscular power. Stimulate the nerve power. Cure impotence.
